

Personal scale Healthweigh H151-00-7

Modular floor scale for medical use

Healthweigh personal scales are designed for professional needs. The detached Healthweigh titanium indicator has a robust built-in bracket for wall, table or floor mounting. The platform has a wide silicone mat for increased comfort. The weight is displayed digitally, and the BMI is calculated automatically after the patient's weight has been entered.

***The display can
mounted on a wall or
on the scale***

MDD

*Approved OIML
Class III*
